

ATGF AGENT UPDATE

Oct.17.2013

KEEPING YOU PROTECTED

NEW FIDELITY, COMPUTER CRIME AND CYBER LIABILITY INSURANCE

At ATGF, our main objective is to provide the tools and resources you need to remain a competitive and effective title agent. That's why we're proud to introduce a new and exclusive fidelity insurance program designed to protect you from both employee dishonesty and computer fraud.

EXCLUSIVE TO ATGF AGENTS

This initiative provides a unique bundle of coverage in a single package. Even if you could achieve the same level of protection through other policies, it would likely cost thousands of dollars more per year. As lender requirements evolve in terms of agent vetting and ALTA best practice recommendations, this program gives ATGF agents a chance to get ahead of the game. ATGF agents with this insurance will now be able to show lenders coverage that provides unprecedented security against escrow losses.

HIGHLIGHTS

- Protects agents against employee dishonesty, computer crime and cyber liability
- Coverage tailored for title insurance industry
- Helps agents meet lender requirements
- Easy online application and approval process
- Low premiums start below \$2500

UNIQUELY TAILORED COVERAGE AT COMPETITIVE PRICES

Other fidelity policies often carry prohibitively expensive premiums, are subject to individual underwriting, do not include computer crime coverage or cyber liability and may not be tailored to the unique needs of the title industry. Owner Defalcation coverage is generally not available at all. This program provides agents with unique, convenient and price competitive coverage.

HOW TO APPLY

Adding this exclusive coverage is quick and simple. ATGF agents that meet basic underwriting criteria are automatically approved and can expect to receive their policy in just a couple of days. To apply, simply complete the application form by clicking on the **"Apply for Fidelity Coverage"** button on the main screen of EPIC.
